Vision

Our vision is to be one of the foremost engineering service companies to provide the best and the safest support & service to the customers in efficient & cost effective way in time.

Mission

We provide the plant and equipment installation, commissioning, redesign and maintenance services to the industries. OCTEV successfully operated by the capable hands of a group of technical professionals.

WHO WE ARE

OCTEV is tasked with bringing together divergent technologies and services from inside the country and accross the globe.

“OCTEV” is the new inspiration to support the fast growing industrial sectors in country, from engineering and construction, to operations, maintenance, project management – our experience and capabilities are on every sector of an organization.

Octev was formed by a group of highly experienced professionals who has spent more than a decade of their career in multinational companies especially in Oil & Gas sector.

Most of the team members were employed in Sangu gas plant from the scratch to end of its production. And it was the one and only offshore based Natural Gas press plant in country, started commercial operation on 1998.

OCTEV starts its journey with the slogan “**We work for you**” which connote its intent to stand for its customer to support their sustainable business growth.

OCTEV provides Engineering and Technological Services in local and abroad industries including oil & Gas Sector

TECHNICAL SERVICES

What we do

Mechanical Engineering

- Plant maintenance and commissioning
- Plant change and piping modifications
- General fabrication and machining
- Hydraulic Bolt Tensioning and Bolt Torqueing
- Hydro testing of equipment and pipelines
- Vessel and column tray work, cleaning and repairs
- Mechanical and piping installation
- Specialist Welding, 3G,6G as per Code
- Management and execution of Major Turnarounds, Shutdowns and Projects

Technical Consultancy

- Feasibility Study/ Alternatives Evaluations
- Preliminary Cost Estimation
- Startup Support
- Technical Training
- Advice On Process Operations
- Design Modification, Upgrade On Unit Operation
- Third Party Supervision On Project Management
- Case Study Of Any Industrial Holdback

Inspection Engineering

- Tank, Vessel, Silo Testing & Inspection (Damage or Corrosion)
- Non Destructive Testing (NDT) & Inspection
- Pasteuriser inspection and heat exchanger testing
- Gas Freeing, Purging & Leak testing

Electrical Engineering

- Generators, AMC Services, Operations, Maintenance, Overhauling (Major Top)
- Substations, AMC Services, Operations, Maintenance
- Electrical Motor re-winding/repairing/Overhauling (AC/DC/Variables/LT/HT)
- Electrical compliance Implementation for RMG sector and Other Industries
- Fire Suppression systems, Commissioning, AMC Services
- Electrical Works, Power Distribution, Cable laying, Maintenance contract
- HVAC Systems Installation & Maintenance Services

Instrument Engineering

- Installation, Commissioning & Calibration Of All types of transmitter
- Installation & Fabrication Of Instrument Tubing
- Installation, Commissioning & Calibration Of All types of Control Valves
- Erection, Commissioning & Maintenance Of Fire & Gas Detection Systems
- Calibration & Maintenance Of all Fire & Gas Equipments
- Perform Overhauling Of Different Types Of Instrument Control Valves
- Calibration & Maintenance Of Fiscal Metering Equipment
- Erection, Commissioning & Maintenance Of Hydrolic Equipments
- Maintenance Of Gas Chromatograph analyzer, RD Analyzer & Hydrocarbon analyzer
- Preventive, Corrective & Diagnostic Maintenance On the - Process Control Sytems & Control Loops

OCTEV provides highly qualified professionals and skilled Manpower to support with the best top, middle and lower level workforce in a short, medium and long term basis.

MANPOWER SERVICES

What we do

Supervisory Personnel

- Contract Manager
- Senior Estimator
- HSE Supervisor
- Site Medic
- Material Controller
- Workshop Manager
- Project Manager
- Maintenance Supervisor
- QC-QA Manager
- Painting Inspector

Mechanical & Engineering

- Welders (TIG, MIG, MAG)
- Pipe Fitters
- Fabricators
- Iron workers
- Drill operators
- Lathe operators
- Shear cutting workers
- CNC Operator

Engineers & Technicians

- Chemical Engineer
- Planning engineer
- Civil Engineer
- Architect
- Process engineer
- Electrical Engineer
- Production engineer
- Environment Engineer
- Estimation engineer
- Safety Engineer
- Shift Engineer
- Site Project Engineer
- Instrumentation technician
- Insulation technician
- Lab Technician
- Refrigeration Mechanic

Construction Manpower

- Asphalt worker
- Welder
- Carpenter
- Scaffolding Worker
- Concrete Worker
- Sandblaster
- Earthwork
- Steel Fixer
- Electrician
- Sheet Metal worker
- Gypsum Plasterer
- Fitter
- Mason
- Rigger
- Plasterer
- Tire man
- Tiler
- Erector
- Painter
- Riggers
- Plumber
- Road Surveyors
- Duct Installer
- AC Installer
- Duct Insulator
- AC Repairer

Equipment Operators & Drivers

- Asphalt Plan Operator
- Excavator operator
- Back Hoe Operator
- Loader Operator
- Pump Operator
- Bulldozer Operator
- Roller Operator
- Shovel Operator
- Concrete Plan Operator
- Trailer
- Concrete Pump operator
- Crane Operator
- Vibrator Operator
- Dump Truck Driver
- Water Tank Truck Driver
- Forklift Operator
- Grader Operator

OCTEV has global teams of experts guarantee professional, conceptual and detailed technical support for all aspects of Environment, Health and Safety in the industry.

What we do

Health & Safety Management Services

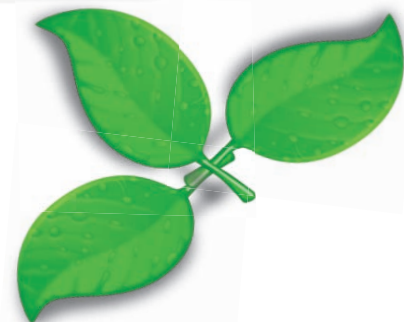

- Facilitating Accreditation of International Standards (ISO, UKAS, OSHA)
- Health & Safety Policies
- Health & Safety Audits
- Construction Industry Health & Safety
- Garment Industry Health & Safety

Health & Safety Services

- Fire Risk Assessment
- HAZOP
- HAZID
- Testing & Monitoring
- Medical Audit
- Pre Medical/ Periodic Checkup of Employees
- Stress Management
- Health & Safety Training
- First Aid Training

Environmental Auditing / Services

- Environmental Impact Assessment
- Environmental Engineering
- Waste Handling
- Green Belt Development & Plantation Management

OCTEV has pursued constant innovation and improvement, ensuring its prominence among the domestic companies. We have the capacity to source equipment, spares and consumables for chemical, petrochemical, oil & gas, steelmaking, energy and power generation industries.

EQUIPMENT & MATERIALS SUPPLY SERVICES

What we do

Specialized Spares, Consumables & Breakdown Equipment

- On Line Rotary Shears
- Shot/grit Blasting Machines
- Universal Auto Trimmers
- Rotary Shearing Machines
- High Speed Oil Hydraulic Presses
- Mechanical Presses

Materials From Ship Breaking Yard

- Auxiliary Engines
- Diesel Generating Sets
- Turbo Chargers
- OIL Purifiers / Filtrators
- AIR Compressors
- Hydraulic Motors & Pumps
- Winches

Equipment Rental

- Heavy duty Crane
- Fork lift
- Air compressor
- Blasting equipment

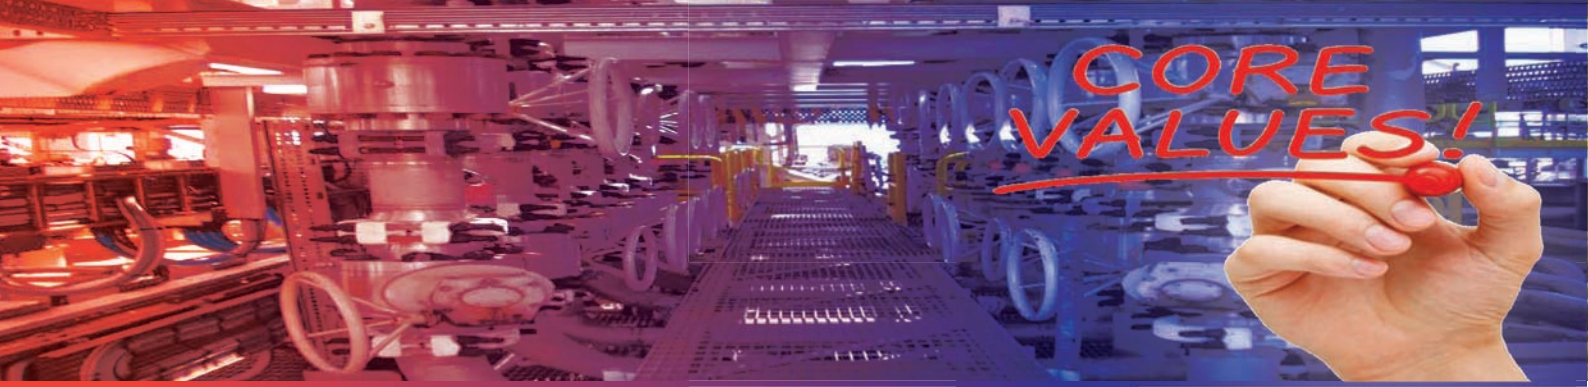

Hardware Tools

- Power Tools,
- Hand Tools
- Pneumatic Equipment
- Hydraulic Jack
- Rams & Pumps
- Electric / Gas Cutting & Welding Machines

Empty Containers

Accommodation Containers

SAFETY

Be Safe and keep safe
(People, Environment and Asset)

PEOPLE

Treat All In Equal Oppurtunity

INTEGRITY

- Open and Transparence on business
- Continual improvement for customer satisfaction
- Abide by the law of the land

The Team

Basudeb Sarker
Electrical Lead

30 years industrial experience in energy sector, especially in oil and gas industry.

Field of expertise in Pre-commissioning, commissioning & testing power generation system. Energy metering system with CT & PT, Erection and installation of hazardous area electrical equipment and termination, Substation installation (Up to 11 KV).

Job responsibility in the last job was "Electrical Lead"

Jan-E Alam
Technical Director

16 years industrial experience in energy sector, especially in oil and gas industry.

Field of expertise in maintenance of IC engine, rotating equipment, asset integrity, competency assessor.

Job responsibility in the last job was "Mechanical Lead" in Sangu Gas Plant.

Tawhidul Islam
Director

16 years industrial experience in energy sector, especially in oil and gas industry.

Field of expertise in IT & telecom, installation microwave links, Networking, (LAN, WAN), Radio communication, Windows server installation, configuration & trouble shooting,

Job responsibility in the last job was "IT Administrator" in Sangu Gas Plant.

Raymond D Rozario
Technical Advisor

16 years industrial experience in different field such as energy sector, oil & Gas, and project erection & installation job.

Field of expertise in electrical maintenance of generator, motors, switch boards as well as distribution boards. Besides this have more experiences in HVAC system.

Job responsibility in the last job was "Responsible Person For Electrical" in Sangu Gas Plant.
